Seterusnya klik 'Add Element' untuk memasukkan senarai item seperti di dalam BQ

The screenshot shows the 'Add Element' window of the JKR Rates Online (RATOL) application. On the left, there's a vertical menu with icons for Project, Unit Rate, and Add Project. The main area has a 'Search Element' input field with a dropdown arrow icon. Below it is a table titled 'List of Element' with columns: Code, Name, and WorkCategory. The table contains 10 rows, each with a unique code (e.g., 1A, 1B, 1C, 2A, etc.) and a corresponding name and category. At the bottom of the table is a navigation bar with arrows and a page indicator '1 of 1'. A yellow box highlights the 'List of Element' button. A black arrow points from the text 'arrow ke bawah di keyboard' to the 'Search Element' input field, indicating where to click to open the dropdown menu. Another black arrow points from the text '1A' to the '1A' entry in the table, likely referring to the first item in the list.

Code	Name	WorkCategory
1A	PILING	BUILDING
1B	WORK BELOW LOWEST FLOOR FINISH	BUILDING
1C	APRON AND PERIMETER DRAIN	BUILDING
2A	FRAME	BUILDING
2B	UPPER FLOORS	BUILDING
2C	ROOF	BUILDING
2D	STAIRS	BUILDING
2E	EXTERNAL WALLS	BUILDING
2F	WINDOWS AND EXTERNAL DOORS	BUILDING
2G	INTERNAL WALLS & PARTITIONS	BUILDING

1. Satu pop-up window akan dipaparkan.
2. Klik 'arrow ke bawah di keyboard' di ruang 'Search Element' untuk memaparkan senarai elemen
3. Klik '1A' terlebih dahulu untuk kemasukan data (mengikut susunan Elemen di dalam BQ)
