Please note the following:-

- 1) Our prices are Ex-Factory (exclude delivery).
- 2) Validity until 07 July 2018.
- 3) Please note that Class B8STD denotes our Standard Class B Grade 80 (Min Prestress = 5.0N/mm²).
- 4) The above products are manufactured generally in accordance with the manufacturer's Technical Brochure.
- 5) Some of the advantages are as follows:-
 - a) Higher strength concrete (grade 80, 90 and 100 concrete).
 - b) The high concrete density offers high resistance against corrosion from mild sulphate attack and seawater.

Our Ref: HQ/S/151/2018

- c) Absence of torsional cracking due to the geometry of pile section.
- d) Consistent quality under factory conditions.
- e) Ready stock availability, thus cutting down casting and piling time.
- f) Manufacturing length ranges from 6m to 46m, thus giving flexibility in length combinations.
- g) Other advantages as per attached brochure

Should you require any further clarification, please do not hesitate to contact us again.

Thank you.

Yours faithfully
