# CULTIVATING A KNOWLEDGE SHARING & LEARNING ENVIRONMENT : THE INFLUENCE OF COMMUNITIES OF PRACTICE

## ABOUT KCONNECT

The KCONNECT seminars support, develop and promote the usage of knowledge capturing tools and techniques that encourage internal collaboration and stimulate organisational learning.

## BURNING ISSUES THAT WILL BE EXPLORED AT KCONNECT:

- How can we identify and capture tacit knowledge?
- How can we design a way, aimed at improving and speeding up transfer of this 'tacit' knowledge?
- What methods can we adopt to build a systematic way in cultivating a knowledge sharing community at our workplace?
- How do we sustain these knowledge sharing communities?

## PARTICIPANTS WILL BE ABLE TO:

Explore factors to promote a knowledge sharing environment in organisations;

Collaborate and acquire new experiences with practitioners via the communities of practice approach;

Translate their knowledge and insights into shared practices; and

Cultivate the spirit of inquiry, learning and knowledge sharing.

## KCONNECT

*KCoNNect seminars are for those who are passionate in addressing knowledge loss in their workplace and curious to explore ways and means to retain this knowledge.*
