

# construction in challenging environments

Pacific Association of Quantity Surveyors (PAQS)  
12<sup>th</sup> Congress: Construction in Challenging Environments

Session 8 – Monday, June 16, 2008  
3:30 - 5 p.m.

---

Dr. Hiroshi Sugita, Dr.Eng.  
Associate Professor, Faculty of Environmental Studies  
Hiroshima Institute of Technology  
Japan

*Presentation: Where are the Cleaners Working in Your Building?*

Speaker: To be determined

*Presentation: Quantity Surveyors, Are You Ready for the Challenges of Malaysia?*

Dr. Kenji Kimoto  
Associate Professor  
Shibaura Institute of Technology  
Japan

*Presentation: Optimizing 3D CAD Potential in Japan*

Member, The Building Surveyor's Institute of Japan, Architectural Institute of Japan

#### Education

- Doctor of Engineering, 2006. School of Architecture, Faculty of Engineering, The University of Tokyo, Japan
- Master of Science, 1998. Department of Civil and Environmental Engineering, Carnegie Mellon University, U.S.A.
- Bachelor of Engineering, 1989. School of Architecture, Faculty of Engineering, Kyoto University, Japan

#### Employment

- 2006 - Present, Associate Professor, Department of Architecture and Building Engineering, Faculty of Engineering, Shibaura Institute of Technology, Japan
- 1989-2006, Research Engineer and Construction Manager, Konoike Construction Co. Ltd., Japan

Canadian Institute of Quantity Surveyors  
INSTITUT CANADIEN DES ÉCONOMISTES EN CONSTRUCTION

# construction in challenging environments

## Areas of Interest

Project Management for Building Construction, Computer Aided Engineering for Project Management, Building Economics, Cost Management

Dr. Kimoto is a member of the international committee, BSIJ and is now concerned with the application of 3D CAD for quantity survey and construction process simulation.

Before 2006, he was engaged in the development of mobile system for construction manager and life cycle cost estimation system in Konoike Construction.
