ABOUT JKR CoPs

JKR CoPs are peer networks to help each other perform their work better through the sharing of knowledge and experience. JKR CoPs are centred on specific domains namely, project management, asset and facilities management, stakeholder management, technical and contract administration, human resource management, and many more to come.

Each domain is led by a CoP leader, supported by a coordinator and a core team, who facilitate conversations and connections through the online platform, called JCoP Café as well as organise face to face learning/knowledge sharing sessions. All JKR staff members are free to join, regardless of CoP membership.

Be a part of the CoP today! Better still, start a CoP of your own area of interest!
