ABOUT E-FENCE™

Industries E-fence products are manufactured to MS144 (G500) standard; E fencing system comes together with pre-welded panels, bolt and nuts, and fence posts. E fence can be custom made to different finish such as hot dipped galvanized (BS EN ISO 1461:1999), colour powder coatings, Galfan (Zn95%; 5%Al) and etc.

We provide value added service such as :

Sliding gates (Double leaf & single gate) and sliding gates. With options of galvanneal or epoxy coated.

Fence Posts – SHS / RHS / Ultragal pipes (round) that comes in different diameter and thickness.

Accessories – Stainless steel bolt & nuts, stainless steel U-clips, hot dipped galvanized steel caps and etc.

Advantages of E-fence products are as follows:

Elegant, enhance security and aesthetic value of the premise.

Environmentally friendly; as our products are manufactured using recyclable steel.

Long service life span, rigid and durable compared to conventional fencings.

Logically advance welding and superior weld strength.
